February 3-April 16 - New Exhibitions at The Co

[The Contemporary Dayton](#),

25 W. Fourth St.; call for times.

The Contemporary Dayton presents its next set of exhibitions in the new galleries at the Dayton Arcade. Heather Jones' *Storytellers* is unequivocally feminist and steeped in the history of quilt making. Odili Donald Odita's *3 Steps from Center* features kaleidoscopic color and patterns that he uses to reflect the human condition and, specific to The Co mural, the histories of the Arcade and Dayton as a diverse, Midwestern community. *To Feel Myself Beloved Upon the Earth* from Jeffrey Gibson takes its title from the final poem in Raymond Carver's last published work, *A New Path to the Waterfall*, and was produced in the turbulent months of 2020 during the pandemic and national civil unrest. Thru March 31 - Exhibit: Visual Voices 2022

[Schuster Performing Arts Center](#),

Second & Main sts.; call for times.

Each year, Dayton Live partners with Shango: Center for the Study of African American Art and Culture, and Willis "Bing" Davis, exhibit curator and director of EbonNia Gallery, to display an exhibit of art by local African American artists inside the Schuster Center. This year's exhibit, at the Schuster Center January 26-March 31, 2022, is 2022 Dayton Skyscrapers featuring the work of African American visual artists from the Miami Valley. The Dayton Skyscrapers art project is not a celebration of Dayton's tall buildings or our skyline. Dayton Skyscrapers is a metaphor for those local and regional African Americans who stand tall in our minds and hearts for what they have achieved in their field and their contributions to the quality of life of Dayton and the Miami Valley Region.

EACC NEWSBRIEF: JANUARY 25, 2022

Friends,

It's hard to imagine that I've been in this job for five years now! We've seen a lot of changes and progress over that time, and I see so much more that we can do in the months and years to come. Thanks to everyone for their support.

A few events coming up including:

- Tomorrow's EACC network webinar on the Hydrogen economy
- Stammtisch Networking event on 2/3
- EACC NY webinar on supply chain disruptions on 2/8, and
- our inaugural 'Coffee and Commerce' breakfast with CVG CEO Candace McGraw on 2/16 (only a few seats left!)

Also be sure to check out the 2/23 Economic Update with VonLehman (listed in Partner Events).

FEATURED EVENT:

**Thursday,
February 3**

Stammtisch - EACC Networking

Join us for business networking among current and prospective EACC members, as well as Austrian-Swiss-German Committee members.

Stammtisch networking events are held on the first Thursday of every month. Please mark your calendar for the rest of the 2022 Stammtisch series: March 3, April 7, May 5, June 2, July 7, August 4, September 1, October 6, November 3, December 1.

Finally, your EACC Board of Directors met last week to, among other things, approve our 2022 budget and review our events calendar and draft strategic plan (see an informal readout in 'Behind the Scenes' below). I'm grateful for the insight and support the Board lends to our efforts!

HIWT Announces Major Renovation Project

Hobart Institute of Welding Technology is pleased to announce the start of a renovation project that will offer a new Welcome Center, moving the current visitor entrance to the front of the building at 400 Trade Square East. This welcome center will greet all visitors to

campus and act as a center piece for all visiting prospective college students looking to gain a career in welding. The space will be dedicated to careers in welding, welding career pathways, college life in Troy Ohio, a glimpse of welding history and the students' future and industry offerings. "This space will be a testament to the welding industry making all those who visit educated on the world of welding and its career offerings," states Scott A. Mazzulla, President & CEO of the Institute.

Once through the welcome center doors, the space will open to a large student resource center that will house the Blankenbuehler Memorial Library. The student resource center will boast additional tour rooms and meeting spaces, a 50-seat auditorium, and several offices. The space will be outfitted with PC's and other technology to assist our students and Alumni with career searching activities and is completely dedicated to Welding Career Placement.

Schedule your AWS® CWI® Exam Prep Course NOW!

You still have time to enroll for the March 25, 2022 exam prep course. AWS® enrollment paperwork cutoff date is February 5. Act now!

The super bowl will be over and March madness will not have started yet.

February is the perfect time to take the CWI® exam prep course. Our instructors will take you step by step through the content to help you get comfortable with the material and prepare you for the exam. You will be taken through topics such as Welding Processes, Non-Destructive Testing, Metallurgy, Welding Symbols, etc. and we will help you navigate and comprehend the code book. This course utilizes similar tools and samples that are used in the test kits for the hands-on portion of

the exam. This class offers 9 days of instruction with Part B of the test being administered on the 10th day. Contact [here](#) more information and to register. Includes a backpack for convenience of carrying your books and other study materials.

- saved money by allocating need specific "on demand" computer resources
- saved time and money by leveraging the Tenet3 cloud infrastructure to securely deploy their technology to the environment that was right for them and their users
- avoided costly overhead by leveraging worry free hosting with an experienced team that takes care of updates, patching, and maintenance of the underlying infrastructure to provide a secure environment that is resilient and improves application uptime
- are prepared to navigate the approval process for quick on-ramping to Platform One

Don't miss this opportunity to better understand how your company can cross the SBIR “Valley of Death” and begin to successfully transition your R&D technologies to the cloud before investing in more expensive efforts.

AFA's Warfare Symposium is a premier professional development event for the U.S. Air Force and U.S. Space Force—and the aerospace and defense industry that supports them. Attended by DOD officers, enlisted members, civilians, and veterans, this warfighting symposium will focus on the critical concerns and challenges of joint warfare in every corner of the globe. Drawing speakers from combatant commands, as well as from the Air and Space forces, the symposium features opportunities to network and dynamic exhibits, as well as the Air Force's unique Spark Tank innovation competition.

Ohio Air Mobility Symposium

Date:
April 7-8, 2022

[VIEW MORE DETAILS](#)

The second annual Ohio Advanced Air Mobility Symposium "*Pioneering the New Age of Aviation*" serves to address the question: **What will air mobility mean for the state of Ohio?** To answer this question, we explore how the birthplace of Aviation can position itself as a hub for AAM research, testing, and manufacturing, in addition to proactively shaping policy and infrastructure planning efforts to integrate air mobility into our Ohio communities safely and equitably.

The two-day (in-person!) event, will take place on April 7-8th, 2022, featuring the following:

- A trip to the Springfield UAS Center and Ohio State Research Centers to showcase flight tests, vehicle demonstrations, and tours of the facilities.
- Networking Night cocktail and appetizer hours at the Ohio State Faculty Club complete with student and faculty research showcases.
- A full day of moderated panels at the Ohio State Fawcett Center with 4 panels, a keynote speaker, and short networking sessions.

Sinclair College Accepting Applications for Innovative Goldman Sachs 10,000 Small Businesses Program

Small business owners and entrepreneurs are encouraged to apply.

Dayton, Ohio – Sinclair Community College is continuing its efforts to grow and strengthen small businesses and entrepreneurs through the Goldman Sachs 10,000 Small Businesses Program (10KSB). Sinclair's Workforce Development Division is currently accepting applications for the upcoming 11-week program that will start on May 19, 2022. The deadline to apply is February 4, 2022.

Goldman Sachs 10KSB has helped strengthen over 11,600 small businesses in all 50 states since its inception in 2009. The program provides business education, wrap-around support services and pathways to capital for growth-oriented entrepreneurs. Participants gain practical skills to take their business to the next level, with topics like financial statements, negotiations, and marketing. Participants develop an actionable growth plan for the business with the help of business advisors and like-minded entrepreneurs.

Since early 2021, 32 Dayton region entrepreneurs and small businesses owners have completed the program at Sinclair College.

"This innovative partnership between Sinclair College and Goldman Sachs is unleashing possibilities and nurturing success for these entrepreneurs and small business owners who play such a vital role in growing jobs and our local economy," said Kandise Bobo, Program Manager – Sinclair Workforce Development.

Key highlights of the program include:

- The program is offered at no cost to the business owner – every business owner selected receives a full scholarship, funded by the Goldman Sachs Foundation.
- Within 6 months of graduating, 67% of alumni of the 10KSB program reported increased revenues and 47% added new jobs.
- Participants graduate with a specific 5-year growth plan for their business that is immediately implementable.
- Business owners in all industries will receive one-on-one advising.

10KSB looks for applicants generally meet these criteria:

- Owner or co-owner of a business
- Business in operation for at least two years
- Business revenues of at least \$75,000 in the most recent fiscal year

- Minimum of 2 employees (including the owner)

Visit 10KSBapply.com/Ohio to learn more and apply. If you have any questions about the program or application, contact Kandise Bobo, Goldman Sachs 10KSB Program Manager–Sinclair Community College, at (937) 416-6336 or kandise.bobo@sinclair.edu.

TAKING THE FEAR OUT OF FEEDBACK

February 10
10:00 - 11:30 a.m.

Whatever your role in your company, at some point you are going to have to give and/or receive feedback.

Feedback is an important exchange regarding performance, skills, and ability to work within a team. When done tactfully, the process can create a stronger, more harmonious workplace for both the giver and receiver.

During this session, you will learn techniques designed to reduce anxiety when sharing, and increase receptiveness when receiving, feedback.

Who is SOCHE?

Strategic Ohio Council for Higher Education, a nonprofit organization, uses workforce initiatives and internship management to connect industry employers with talented students to develop the workforce of tomorrow by providing experiential learning opportunities to students through paid internships. (<https://www.soche.org/>)

Why host an intern?

1. Free up staff to work on high-level strategic tasks by taking advantage of quick learning students who innately understand the latest technologies and the desires of future consumers.
2. Create your future pipeline of talented employees.
3. Help students explore career pathways for future career success.
4. An internship will give a student a competitive edge when applying for advanced college admission and full-time employment.
5. Make a difference in the community and significantly impact a young person's life by allowing them to develop real-world professional experience and life skills.
6. Provide students the opportunity to pay for college tuition and learn money management skills as they earn a wage for their hard work.

What can a student do in a professional work environment?

The skills that students possess entering the company will allow them to perform everyday tasks to support staff or independently work on special projects that will contribute to the company's success. Students are prepared to work in both STEM and non-STEM positions like:

IT Computer Support	Cyber Security	Software Testing and Development
Accounting and Finance	Social Media, Marketing, and Digital Design	Business Administration, HR, and Sales
Engineering	Research	Manufacturing and Skilled Trades

The 3-Step Hiring Process:

Step 1

SOCHE creates a job description based on your company's identified needs, recruits qualified students, collects applications, and resumes from promising candidates, and conducts an initial screening.

Step 2

SOCHE refers the best matches to your Designated Contact. Your Designated Contact conducts the interviews, selects the candidate that best fits your needs, and informs SOCHE of the decision.

Step 3

SOCHE makes an offer to your chosen candidate and hires the student as a SOCHE employee. SOCHE manages the hiring paperwork, payroll duties, timekeeping functions, taxes, and insurance while you enjoy the benefits of having an intern on staff.

Can an intern work remotely?

Yes, today's interns have the technical abilities and discipline to work independently and collaborate on projects virtually.

Does SOCHEintern offer placement and recruiting services?

A company can choose to directly hire an intern instead of using SOCHE's payroll and HR services for a nominal placement/recruiting fee.

Contact Patty.Buddelmeyer@soche.org to start building your workforce with SOCHEintern.

SOCHEintern makes hiring interns easy and affordable, giving you the freedom to focus on your job!

What does SOCHE do throughout the internship?

- ✓ SOCHE pays your intern bi-monthly and invoices your business once per month. The monthly cost depends on the number of hours your intern works plus a minimal administrative overhead fee.
- ✓ SOCHE provides professional development opportunities to your intern to sharpen their skills and creates a professional development plan for your intern to assist them with transitioning from a student to a full-time professional work environment.
- ✓ SOCHE checks in regularly with your Designated Contact and your intern to ensure everything is working effectively.

How long do I need to commit to hosting an intern?

- ✓ A part-time internship typically runs for at least ten weeks. Interns' work schedules will vary depending on the company's needs and students' availability. Interns will work approximately 10 - 25 hours per week while attending classes. Interns can continue the internship if they are a good fit for the company.
- ✓ A full-time co-op typically runs for 12 weeks. The co-op will work full-time and not take classes during the co-op. A good fitting co-op can continue working with an alternating class/work schedule.

Are interns only college students?

No, SOCHEintern offers employers the flexibility to hire students at all skill levels – high school thru post-doc.

Does SOCHE offer any financial incentive to hire an intern?

Yes, Miami Valley Intern Academy (MVIA) is a division of SOCHE that is made possible by a generous grant from the Engineering & Science Foundation of Dayton. MVIA provides high school students with first-hand experience to explore career paths through paid internships by incentivizing

employers to host a high school intern by paying 50% of the intern's salary.

How does a company qualify for partial salary reimbursement through the MVIA grant?

Companies that offer meaningful work experiences to expose students to STEM fields, Advanced Manufacturing, Logistics, Medical, Business, or other in-demand career paths are eligible for reimbursement.

Companies should commit to supporting the student for a minimum of 80 hours of employment. If the student is a perfect fit for the company, there are no fees to convert the student to the company's payroll. In addition, companies should agree to allow the intern to tour a college of choice, if requested, during work hours to understand advanced educational opportunities better. The student will be permitted up to 5 hours of paid leave to tour a college or trade school.

What is the financial commitment for a Company?

The financial commitment depends upon the number of hours a student works, student academic status, and the pay rate, for example:

The student works 10 hours/week for 10 weeks at \$10/ hour
100 Total Worked Hours = \$1340 Total Employer Investment
(including all HR, payroll, insurance, and taxes)
❖ MVIA grant discount for high school students = \$670 Total
Investment (must meet eligibility requirements)
The employer sets the hourly pay rate in concert with SOCHE.

Can a student continue their internship after high school?

Yes, SOCHEintern seamlessly converts your high school intern into a college intern without additional paperwork or fees. The longer you keep an intern working for you, the more likely they will stay on your team for years and years.

Is there a fee for converting an intern into a permanent company employee?

If an intern is a perfect fit, there is no charge for converting the intern into a permanent employee!

Contact Patty.Buddelmeyer@soche.org to start building your workforce with SOCHEintern.
