Now that Covid-19 has reshaped our lives, cultivating creativity, innovation, and impact is imperative. We know that healthy communities leverage differences and create meaningful connections. The Dayton Metro Library's Black Futures BHM Edition will feature a live curated and moderated panel discussion amongst six esteemed Black professionals. This one-evening-only experience will also include creative art performances.

Mayhem & Mystery

[Spaghetti Warehouse](#), 36 W. Fifth St.; 7 p.m.

Welcome to the set of *Dangerous Deceptions*, the most popular telenovela. The cast and crew and writers and guests are assembled for another day of filming. While on the show the leads are passionately in love, in real life the actors playing those roles cannot stand one another. The tabloids are loving it. Of course, it wouldn't be a telenovela without twists and turns. Rumors are that one or two of the stars have other offers. When a star's attitude affects filming, his stunt double must go on in his place. What is really going on behind the scenes? Can you solve the crime? Dinner plus show only \$39.95 (tax and gratuity not included). Call 461-3913 for reservations.

March 1 - Fat Tuesday

[Mudlick Tap House](#), 135 E. Second St., call for times.

March 4**

2022 Bockfest Parade - EACC Networking Event

Join us for a networking event at Lucius Q, as we enjoy food and drink before the Bockfest Parade hits the streets of Cincinnati. And most importantly, we'll discuss what role the EACC can play in the future of Bockfest. A float? A walking group? A sponsor? How can we shape the future of Bockfest and the EACC together? After the parade, join us in

"Executive Insights" discussion with Kai Bitter from Frost Brown Todd.

Finally, our new Director, Events & Projects Claudia Schroeder, gives you a peek 'Behind the Scenes' at how and why we have changed our approach to EACC programming (and invites your input).

exploring the new Bockfest Hall location at Findlay Playground.

Bockfest is Cincinnati's annual celebration of spring, the area's brewing heritage and bock beer. This year marks the 30th anniversary of Bockfest. Information on the history, the full program and more can be found on the website www.bockfest.com

AM EDUCATION SESSIONS

TRACK 1:

**Building the Hospital of Tomorrow:
Rehabilitate, Renovation or Replace (ACHE Session)**

Pending ACHE Face-to-Face CEs, AIA LU/HSWs, GBCI CEs, PDHs

In today's competitive marketplace, significant capital expenditure decisions can make or break a healthcare organization and the career of the executive(s) tasked with such decisions. No capital decision may be greater than the construction of a new facility or the substantial renovation of an existing one.

After years of relative dormancy, the healthcare construction boom continues throughout the U.S. for a variety of reasons, many of which impact both small community hospitals and large urban health systems alike. The most common reasons for the renovations, expansions, and replacements include aging facilities, population growth, market demand, and the need to improve operational efficiencies.

Additionally, competition moves organizations to incorporate the latest advances in care delivery, medical technology, new building codes and healing design elements to enhance the patient experience through the surrounding environment. Changes in building codes and patient safety standards also drive the need for construction and modification.

TRACK 2:

How to Achieve the Vision:

Aligning Infrastructure Master Planning with Organizational Goals

Pending AIA LU/HSWs, GBCI CEs, PDHs

Prioritizing strategic planning can be challenging if you manage infrastructure for a healthcare system with competing demands for resources, budgetary constraints, and maintenance needs. Yet it is essential to align your infrastructure investments with your organization's long-term strategic plan and the overarching vision of senior leadership. In this session, hear from leading healthcare operations professionals on how to align capital planning to meet the long-term goals and aspirations of your organization, ensuring better alignment and more proactive investment for the future.

KEYNOTE PRESENTATION / LUNCH

KEYNOTE LUNCH:

Healthcare Vision 2040: Act Now to Transform Tomorrow

Pending AIA LU/HSWs, GBCI CE, PDHs

The decisions we make today when we design and build a new healthcare facility will last for decades to come. When we look back, will we be gratified by our work, by the impact we had on the community, and by the decisions we made? Attend a panel of top-tier architects and owners, and peer into the future of what the healthcare industry can achieve with a focus on sustainability, carbon neutrality, and resiliency. Envision how your next project will stand the test of time.

PM EDUCATION SESSIONS

TRACK 1:

Bending the Execution Curve: Implementing Successful Organizational Change in Hospitals and Healthcare Organizations (ACHE Session)

Pending ACHE Face-to-Face CEs, AIA LU/HSWs, GBCI CEs, PDHs

Review the predictors of successful organizational change—with a particular focus on how to effect change in hospitals and healthcare organizations—along with select proven methods to overcome known challenges to change including how to:

- Engage staff by connecting desired changes to their interests and the work they are already trying to accomplish
- Use resistance to change as valuable feedback and a way to guide future activity
- Create supports (e.g., infrastructure, skills, etc.) to encourage and sustain behavior change

TRACK 2:

Transforming a Healthcare System: A Case Study from the Ground Up

Pending AIA LU/HSWs, GBCI CEs, PDHs

To achieve sustainability and resiliency goals, today's healthcare organizations will need to invest in new technology and innovative infrastructure to meet net zero and sustainability targets. Join a multi-disciplinary team to hear how one organization is tackling current campus-wide investments while working to achieve a vision that will transform their healthcare system and prepare for the future.

Who is SOCHE?

Strategic Ohio Council for Higher Education, a nonprofit organization, uses workforce initiatives and internship management to connect industry employers with talented students to develop the workforce of tomorrow by providing experiential learning opportunities to students through paid internships. (<https://www.soche.org/>)

Why host an intern?

1. Free up staff to work on high-level strategic tasks by taking advantage of quick learning students who innately understand the latest technologies and the desires of future consumers.
2. Create your future pipeline of talented employees.
3. Help students explore career pathways for future career success.
4. An internship will give a student a competitive edge when applying for advanced college admission and full-time employment.
5. Make a difference in the community and significantly impact a young person's life by allowing them to develop real-world professional experience and life skills.
6. Provide students the opportunity to pay for college tuition and learn money management skills as they earn a wage for their hard work.

What can a student do in a professional work environment?

The skills that students possess entering the company will allow them to perform everyday tasks to support staff or independently work on special projects that will contribute to the company's success. Students are prepared to work in both STEM and non-STEM positions like:

IT Computer Support	Cyber Security	Software Testing and Development
Accounting and Finance	Social Media, Marketing, and Digital Design	Business Administration, HR, and Sales
Engineering	Research	Manufacturing and Skilled Trades

The 3-Step Hiring Process:

Step 1

SOCHE creates a job description based on your company's identified needs, recruits qualified students, collects applications, and resumes from promising candidates, and conducts an initial screening.

Step 2

SOCHE refers the best matches to your Designated Contact. Your Designated Contact conducts the interviews, selects the candidate that best fits your needs, and informs SOCHE of the decision.

Step 3

SOCHE makes an offer to your chosen candidate and hires the student as a SOCHE employee. SOCHE manages the hiring paperwork, payroll duties, timekeeping functions, taxes, and insurance while you enjoy the benefits of having an intern on staff.

Can an intern work remotely?

Yes, today's interns have the technical abilities and discipline to work independently and collaborate on projects virtually.

Does SOCHEintern offer placement and recruiting services?

A company can choose to directly hire an intern instead of using SOCHE's payroll and HR services for a nominal placement/recruiting fee.

Contact Patty.Buddelmeyer@soche.org to start building your workforce with SOCHEintern.

SOCHEintern makes hiring interns easy and affordable, giving you the freedom to focus on your job!

What does SOCHE do throughout the internship?

- ✓ SOCHE pays your intern bi-monthly and invoices your business once per month. The monthly cost depends on the number of hours your intern works plus a minimal administrative overhead fee.
- ✓ SOCHE provides professional development opportunities to your intern to sharpen their skills and creates a professional development plan for your intern to assist them with transitioning from a student to a full-time professional work environment.
- ✓ SOCHE checks in regularly with your Designated Contact and your intern to ensure everything is working effectively.

How long do I need to commit to hosting an intern?

- ✓ A part-time internship typically runs for at least ten weeks. Interns' work schedules will vary depending on the company's needs and students' availability. Interns will work approximately 10 - 25 hours per week while attending classes. Interns can continue the internship if they are a good fit for the company.
- ✓ A full-time co-op typically runs for 12 weeks. The co-op will work full-time and not take classes during the co-op. A good fitting co-op can continue working with an alternating class/work schedule.

Are interns only college students?

No, SOCHEintern offers employers the flexibility to hire students at all skill levels – high school thru post-doc.

Does SOCHE offer any financial incentive to hire an intern?

Yes, Miami Valley Intern Academy (MVIA) is a division of SOCHE that is made possible by a generous grant from the Engineering & Science Foundation of Dayton. MVIA provides high school students with first-hand experience to explore career paths through paid internships by incentivizing

employers to host a high school intern by paying 50% of the intern's salary.

How does a company qualify for partial salary reimbursement through the MVIA grant?

Companies that offer meaningful work experiences to expose students to STEM fields, Advanced Manufacturing, Logistics, Medical, Business, or other in-demand career paths are eligible for reimbursement.

Companies should commit to supporting the student for a minimum of 80 hours of employment. If the student is a perfect fit for the company, there are no fees to convert the student to the company's payroll. In addition, companies should agree to allow the intern to tour a college of choice, if requested, during work hours to understand advanced educational opportunities better. The student will be permitted up to 5 hours of paid leave to tour a college or trade school.

What is the financial commitment for a Company?

The financial commitment depends upon the number of hours a student works, student academic status, and the pay rate, for example:

The student works 10 hours/week for 10 weeks at \$10/ hour
100 Total Worked Hours = \$1340 Total Employer Investment
(including all HR, payroll, insurance, and taxes)
❖ MVIA grant discount for high school students = \$670 Total
Investment (must meet eligibility requirements)
The employer sets the hourly pay rate in concert with SOCHE.

Can a student continue their internship after high school?

Yes, SOCHEintern seamlessly converts your high school intern into a college intern without additional paperwork or fees. The longer you keep an intern working for you, the more likely they will stay on your team for years and years.

Is there a fee for converting an intern into a permanent company employee?

If an intern is a perfect fit, there is no charge for converting the intern into a permanent employee!

Contact Patty.Buddelmeyer@soche.org to start building your workforce with SOCHEintern.

HEATHER R. YOUNGER on March 22, 2022

Join us for [Inclusive Leadership: How to Build a Culture of Belonging](#) with Heather R. Younger on March 22, 2022. Creating an inclusive culture starts with a strong commitment to diversity by welcoming people from all backgrounds, experiences, and viewpoints into the workforce. But that is just the beginning of a long journey. Building a culture of belonging, educating yourself about others' experiences and challenges, and staying committed for the long haul is essential.

Heather will use her intimate knowledge to inspire leaders to flex their empathy muscles and master the art of active listening to ensure every employee feels valued, respected, and supported. Leaders who actively listen to team members, establish a sense of belonging and

inclusion by honoring their employees' diverse experiences and perspectives. These inclusive leaders encourage and support honest conversations in authentic ways and create a culture for all employees to excel.

CASSANDRA WORTHY on April 20, 2022

Join us for [Change Enthusiasm: Growing and Leading Through Change and Disruption](#) by Cassandra Worthy. Growth is the result of change. And it's in the process of that change that instability often resides, instability that can stall or thwart the desired change or growth. That instability is created through behavior. People choose how they will behave based on their beliefs. In times of high-stress change, those beliefs are often fueled by the most important tool of successful change adoption: emotion.

So, for your organization, team, and/or you to be successful during times of change and disruption what must occur? You must embrace the power to become a Change Enthusiast. A Change Enthusiast (noun) is: 1) one who is inspired to grow by harnessing the power of emotion; 2) one who trusts the fear, anxiety, frustration, anger, and/or grief that change brings to be signals directing them to their greatest growth opportunities; 3) one who practices Change Enthusiasm. Whether you are facing a self, team, and/or organizational change, this program will help you to embrace and accelerate change and the transformational journey.
