# 2017 Summer YouthWorks

Montgomery County Workforce Division

In 2016, over 2,300 Montgomery County youth were placed at nearly 500 work sites in various industries. The youths' wages were provided through state and county funds, which is a tremendous benefit to the participating businesses. This collaboration provides the work experience and guidance needed to create a strong and informed future workforce. Thank you for your participation!

***In 2017, YouthWorks will continue to provide employment opportunities for young people that will help shape their future and create a generation of career informed youth.***

In order to provide the most benefit to the youth, we need you and 499 other employers to provide sufficient work sites for another successful year!

Montgomery County will:

- Approve applications
- Contribute the salary for the youth
- Issue Workers Compensation insurance
- Provide job readiness training
- Perform job coaching services for all youth
- The employer agreement is available online at [OhioMeansJobs.com/Montgomery](http://OhioMeansJobs.com/Montgomery)

Participating businesses will:

- Identify positions, required skills, and attire for participating youth
- Employ youth between the ages of 14-18 for 8 weeks during the summer of 2017
- Agree to deliver a valuable work experience and knowledge of your industry by training, mentoring, and evaluating the youth

To participate, contact YouthWorks at  
[YouthWorks@jfs.ohio.gov](mailto:YouthWorks@jfs.ohio.gov)

# Sustainability Luncheon

## ***From Vision to Reality- Smart Cities & Civic Engagement***

**Dayton Regional Green Sustainability Luncheon Co-hosted with ASHRAE-Dayton  
and USGBC-OH SW Region**

In 2016, Columbus was announced a winner of an unprecedented \$40 Million Smart City Challenge aimed at providing a spark for social equity and revolutionize their transportation systems. Same year, City of Indianapolis held a 24-hour monster brain-storming Climathon session with the citizens who cared about climate change and wanted to make their corner of the world a better place (you read it right, 24 hours- no sleep!).

Join us on May 24 to explore how municipalities can further local sustainability by engaging community and stakeholders and take it from vision to reality!

## **FASTLANE PARTNERS WITH CEP TO HELP CHAMPAIGN COUNTY MANUFACTURERS RECRUIT AND RETAIN ENGINEERS**

FASTLANE is partnering with Champaign Economic Partnership (CEP) to help manufacturers throughout Champaign County to recruit and retain engineers. The partnership will launch two surveys during the month of April. One survey will be sent to engineers and the other will be sent to Champaign County manufacturing companies. The results of the two surveys will be used to develop strategies to fill local engineering needs.

Human resource directors and engineers within Champaign County manufacturing companies will be asked to complete online surveys in an effort to strengthen company efforts to retain and recruit engineers and to compete with urban-based manufacturers for talent.

“Engineers are critical to our local manufacturers’ operations and their ability to innovate and compete in the marketplace, grow their businesses and create new jobs,” said Marcia Bailey, director of the Champaign Economic Partnership.

CEP and FASTLANE have co-created this survey to help rural manufacturers in Champaign County become more competitive by understanding what will help them to attract and retain engineers.

“The engineering retention surveys will provide needed insight which local manufacturing employers and community leaders can use to better understand which factors influence engineers, to live, work and play in Champaign County.” explains Mary R. Miller, Manufacturing Growth Specialist for FASTLANE.

The surveys have been created on the web-based platform Survey Monkey and can be completed in 15 minutes or less. All survey responses will be confidential. The results will be aggregated to guide development of engineer retention and recruitment strategies for Champaign County manufacturers. The cumulative results will be published on both the CEP (CEPOhio.com) and FASTLANE (fastlane-mep.org) websites.

For media interviews, contact Mary R. Miller at 937-229-5363 or [mary.miller@udri.udayton.edu](mailto:mary.miller@udri.udayton.edu).
