WHAT IS A DESIGN SPRINT?

A design sprint is a five-day process for answering critical business questions through design, prototyping, and testing ideas with customers. Developed at Google Ventures it's a "greatest hit" of business strategy, innovation, behavior science, design thinking, and more—packaged into a battle-tested process that any team can use.

THE ASCEND DESIGN SPRINT

Presented by [Ascend Innovations](#), this sprint will focus on the development of a mechanical system that will help patients with a history of illicit injection drug use to receive appropriate and necessary hospital care without the added costs of an extended stay.

SCORE Dayton- Insights for Women in Business event Aug 13

Insights for Women in Business- Networking After Hours at Audio Etc....

Dayton SCORE, Dayton Metro Library and the Dayton Chamber of Commerce encourage female entrepreneurs and business owners to join an evening of networking south of downtown, at Audio Etc... in Centerville. This event is part of the Insights series which encourages education and engagement between new entrepreneurs, those interested in owning a business and successful female business owners who have success stories to share.

Believing we best learn from each other, Cindy Gaboury, owner and founder of Audio Etc... will be on hand to share her success story. Those who wish can tour the high-tech shows rooms and experience the cool advancements in media, sound and technology that are a specialty of Cindy and her team.

There is no cost for this event but registration is encouraged. Refreshments will be served. Due to physical space limitations, there is a limit of 35 attendees so get registered right away. Registration is available through the Events tab at www.daytonchamber.org

The event will begin with drinks and appetizers at 4:30 p.m. with presentation and networking from 5-6 p.m. Those who wish to tour the facility can do that at 6 p.m. Audio Etc... is located at 551 Congress Park Dr. in Centerville 45459. Parking space is a bit limited so please car pool when possible. Call Ann Riegler-Crichton at 937-496-8631 for more information.
