Alert Information

We are happy to announce that an all-new version of ExecutivePulse will be released to all existing clients across North America on Monday, January 27th at 8:00am! All provincial, state, metro, regional and local ExecutivePulse customers will be upgraded to this new technology automatically and at no additional cost.

The ExecutivePulse 2020 CRM System features:

- Streamlined Navigation—Less Clicks
- More Intuitive and Expansive User Interface
- Full “At a Glance” Data Views and Chronologies
- Powerful New Reports and Analytics
- Powerful New Comment Functionality and Interface
- Enhanced Communication Tools
- New File Views and Expanded Functionality
- Expanded and streamlined User Preferences

You spoke, we listened...and responded.

This all-new version of ExecutivePulse addresses the candid feedback and suggestions that we have gotten from our diverse and growing customer base across North America. Based on your input, historically anemic features and functions—like file attachments and comments—have been reinvented and, we believe, will become essential tools in the way you work in ExecutivePulse.

Even though the ExecutivePulse 2020 CRM System is new and improved, you should immediately feel at home in the new CRM. We have intentionally designed the system to be familiar to users who have time and experience with the prior versions. Rest assured that all of your existing user information, data, files and critical information will be migrated to the new CRM.

What you need to do:

- Do not work in the current version of ExecutivePulse on Sunday, January 26th. We are doing transition work that day and will not be responsible for any problems you may encounter.
- Contact us to arrange for a 30-minute orientation/training session on the ExecutivePulse 2020 CRM System. We'll do our best to accommodate your timeline and calendar after deployment on Monday, January 27th.
- Once you start using the new CRM, please report anything out of the ordinary to our technical support staff using support@e-pulse.net or 866-832-5465 (TEC-LINK). Like anything new, we expect you to uncover some bugs and issues.
- Be prepared for a number of additional enhancements to be released throughout this calendar year as we continue to hone the technology. Thanks to your feedback, we have many more features and functions on the drawing board.

On behalf of the entire team here, thank you for using ExecutivePulse!

He wants support from their community to help with the controversy he knows will ensue. In 1996, an original rock musical by a little-known composer opened on Broadway... and forever changed the landscape of American theatre. Two decades later, Jonathan Larson's *Rent* continues to speak loudly and defiantly to audiences across generations and all over the world. And now, this Pulitzer Prize and Tony Award-winning masterpiece returns to the stage in a vibrant 20th anniversary touring production. A re-imagining of Puccini's *La Boheme*, *Rent* follows an unforgettable year in the lives of seven artists struggling to follow their dreams without selling out. With its inspiring message of joy and hope in the face of fear, this timeless celebration of friendship and creativity reminds us to measure our lives with the only thing that truly matters -- love.
